

SPORTING A PATH TO AN INCLUSIVE AND GREENER WORLD

PROJECT NUMBER: 2024-2-EL02-KA220-YOU-000286170

SPIN Project Officially Kicks Off!

The SPIN Project – Sporting a Path to an Inclusive and Greener World – officially launched with a successful Kick-Off Meeting held in Greece on 20/10/2025, bringing together all project partners to begin an exciting journey focused on youth empowerment, sustainability, and social inclusion through sport.

The meeting marked the beginning of a strong European collaboration dedicated to promoting Education Through Sport (ETS) methodologies and sustainability education among young people and youth workers.

Partners had the opportunity to present their organizations, discuss the project objectives, coordinate upcoming activities, and establish the foundations for effective cooperation during the next two years.

SPORTING A PATH TO AN INCLUSIVE AND
GREENER WORLD

PROJECT NUMBER: 2024-2-EL02-KA220-YOU-000286170

About the SPIN Project

SPIN is an Erasmus+ KA220-YOU cooperation partnership aiming to:

- Promote social inclusion through sport
- Raise awareness on sustainability and climate action
- Empower young people through non-formal education
- Develop innovative educational resources for youth workers and educators
- Encourage youth participation and active citizenship

Through interactive activities, workshops, educational resources, hackathons, and digital tools, SPIN seeks to inspire young people to become active contributors to a greener and more inclusive society.

Highlights of the Kick-Off Meeting

During productive discussions and collaborative sessions, partners:

- Reviewed the overall SPIN objectives, methodology, and timeline.
- Presented each organisation's expertise and role within the project.
- Discussed the development of the SPIN educational toolkit, digital board game, and e-learning platform.
- Coordinated the implementation of workshops, local testing phases, and sustainability hackathons.
- Established the communication, dissemination, and visual identity strategy for the project.
- Agreed on the workflow, reporting system, and quality assurance procedures.
- Planned upcoming activities related to sustainability education and Education Through Sport methodologies.

Next Steps

Following the Kick-Off Meeting, partners will now begin the implementation of the first project activities, including:

- Development of the SPIN theoretical framework and training format.
- Research and collection of best practices related to sustainability and Education Through Sport.
- Creation of educational materials and digital learning resources.
- Preparation of workshops, local pilot activities, and sustainability hackathons.
- Launch of dissemination and communication activities across Europe.

Stay tuned as the SPIN consortium continues its mission to empower young people and promote a more inclusive and greener future through sport and education.
